

NOTICE TO THE VICTORIAN POLICE FORCE

7th September 2020

The Nuremberg Code Trials (1946-1949)

The Nuremberg Trials marked a milestone in the establishment of international law. While there had been prior prosecutions of war crimes in history, until the Nuremberg Trials, there had been no precedent for an international trial of war criminals. The London Charter of the International Military Tribunal, which set the laws and procedures for the conduct of the Nuremberg Trials, defined three indictment categories of crimes: crimes against the peace, (i.e., the planning, initiating, and waging of wars of aggression in violation of international treaties and agreements), (2) crimes against humanity (i.e., exterminations, deportations, and genocide), (3) war crimes (i.e., War crimes are those violations of international humanitarian law (treaty or customary law) that incur individual criminal responsibility under international law. violations of the laws), and (4) “a common plan or conspiracy to commit” the criminal acts listed in the first three counts. Individual Nazi’s were charged with the perpetration of war crimes, and various groups (such as the Gestapo. the Nazi secret police) were charged with being criminal in character. The Nuremberg Trials marked the first-ever prosecutions for genocide.

THE POLICE OFFICERS OF VICTORIA, AUSTRALIA ARE INDIVIDUALLY & FORMALLY PUT ON NOTICE THAT -

Their Following Of Any Directive Which Is Contrary to “The International Human Rights Act”; the Geneva Convention; the Nuremberg Code Trials; the “Commonwealth of Australia Constitutional Act” enacted 1st January 1901 and “Common Law” is **not a defence** even if that Directive has been passed by the Premier or Prime Minister. You will be individually charged with War Crimes for any brutality, medical experimentation and torture (i.e. mandatory mask wearing/mandatory vaccinations): and false imprisonment of the People of Victoria. The breach of War Crimes carries with it the mandatory (non-repealed) sentence of Hanging until Dead, or Life Imprisonment without Parole for the rest of your natural life.

If any police members continue to use the excuse “We are just following orders” we remind you of the Nuremberg trials and the Nazi’s who were hanged for their war crimes. Chapter XII of the “Charter of Human Rights and Responsibilities” states -

“Every person lawfully within Victoria has the right to move freely within Victoria, and enter and leave it and the freedom to chose where to live” Section 15 “Every person has the Right to hold an opinion without interference” Section 16. “Every person has the Right for peaceful Assembly”. Any law which breaches our Constitution is null and void.

THE UNLAWFUL IMPRISONMENT OF THE VICTORIAN PEOPLE IS OVER AND THIS IS OUR WILL AND NOTICE TO THAT EFFECT.

We have evidence, taken from the Victorian Health Departments own website, that the Death count in the State of Victoria, Australia is significantly lower than the Death Counts for the past 10 years. That is clear and irrefutable evidence that there is NO PANDEMIC, only the normal yearly flu which explains why the Deaths are the natural Deaths of our Elderly folk. The RT-PCR test will also be proven to be criminally fraudulent.

The Premier Dan Andrews; his Cabinet; Health Officers; Prime Minister Scott Morrison'; Cabinet; Shadow Ministers; and Police Commissioners have ALL been advised that neither the "Biosecurity Act" nor the "Health and Wellbeing Act" Directives (they are not laws) are being properly implemented at any level of governance.

THE PEOPLE OF VICTORIA HAVE THE LAWFUL RIGHT TO INDIVIDUAL FREEDOM TO LIVE THEIR LIVES AS THEY PLEASE AND ANY ATTEMPT TO IMPINGE ON THAT FREEDOM WILL RESULT IN WAR CRIME CHARGES AGAINST ANY AND ALL POLICE OFFICERS INDIVIDUALLY INVOLVED. YOU ARE NOW ON NOTICE TO STOP ALL HARASSMENT AND FURTHER, ANY FINES ISSUED TODATE WILL BE CHALLENGED.

THE DATA THEY DON'T WANT YOU TO SEE...

Until 10 days ago, the monthly death registration numbers on the State Gov't website "Births Deaths Marriages Victoria" included data all the way back to January 2010. That data was suddenly removed on 14 August 2020, and now only the last 12 months is now published. Otherwise you have to pay to request additional data. WHY?

Is it because while more than 5,000,000 Victorians are in a severe Stage 4 lockdown (and the rest of us in Stage 3), with a illogical 8pm curfew, restricted to one hour outside home each day for exercise, 100s of fines, compulsory face masks, banned visits and gatherings, banned sports and even banned marriages... our deaths in 2020 are NOT any higher than in the recent decade? In fact, **they're comparatively lower than every year except one.**

Yet we're in a "State of Disaster" and a "State of Emergency". Other Australian states are managing without these powers. Every death is tragic, but there's no big spike in 2020. In fact, at the end of July, we have between 638 and 1217³ **LESS deaths so far this year.**

The economic downturn is enormous. Businesses lost. Jobs lost. Massive unemployment. Mental health woes. "Staggering" suicide rates. Borders slammed shut. Frustration and chaos. Especially compared to other states, where people can gather outdoors for more than an hour a day, without a mask, and their whole state isn't treated like a leper colony.

AND NOW THE PREMIER WANTS 12+ MORE MONTHS OF EMERGENCY POWER?!

YEAR	POPULATION ¹	TOTAL DEATHS ²	DEATHS PER DAY	DEATHS PER 10K POPULATION ³
2010	5,550,000	35,823	98.16	64.55
2011	5,530,000	36,854	100.97	66.64
2012	5,600,000	36,412	99.49	65.02
2013	5,740,000	36,604	100.29	63.77
2014	5,760,000	38,606	105.77	67.02
2015	5,880,000	40,060	109.75	68.13
2016	6,030,000	40,311	110.14	66.85
2017	6,150,000	41,133	112.69	66.88
2018	6,270,000	40,215	110.18	64.14
2019	6,280,000	42,788 ²	117.25	68.13
2020 (JAN-JUL)	6,370,000	23,654	111.05	63.81

NOTES 1. Data until 2018 from ABS 2019 from Population.net.au. 2020 based on average growth since 2010. **2.** Feb 2019 data was declared inaccurate by BDM. A weighted average has been applied based on previous 9 years. **3.** Jan-July 'expected vs actual' data range based on average percentage of deaths for the same period in each previous year (lower difference); and also compared to 2019 data adding average population growth (upper diff).

See my calculations (not a professional, just a frustrated Victorian!) on my public Google spreadsheet: bit.ly/vicdeathstats
