PA Sec. of State Kathryn "Kathy" Brockvar, like MI Jocelyn Benson, is another U.N. globalist-groomed shill; she was counsel to the Legal Action Center associated with Hillary Clinton's, Robert Mueller's Wilmer Hale LLP

The U.N. cites this “research” published when Brookvar was just a young, wet-behind-the-ears 26 years old. The document’s eugenics propaganda language is way out of the league of a 20-something.

The new world order Pilgrims Society push these two women forward too quickly, and their inexperience as compared to their lofty political positions shouts CORRUPTION. Magically, both women were groomed as election-rights “specialists.”

Meet PA's Constitutional Masked Bandit

This is what happens when you have a generation of children being "taught" math by [Common Core Curriculum](#) and [Chicago Math](#). The Gabriels taught K-12 public schools in Detroit and were forced by the state to use these curricula. It was a program of dumbing-down inner-city children, a process accelerated by environmental factors like fluoride in the water, diets that lacked enzymes and nutrition, fetal deficiencies due to drug and alcohol use of the mother.

Those students grew up and became Democrats. They are counting the ballots in Cobo Hall downtown.
