

Dear Quality, Risk Manager/ Human Resources Manager _____

As you are aware your company are liable for advice given in relation the SARS-CoV-2 Vaccine. You also have a legal duty to ensure your CEO, board members and executives are aware of risks to your business such as those listed below.

New England Journal of Medicine, March 2020 “Charting the Uncharted” by CEO of the Centre for Disease Control and Dr Andrew Fauci (CDC) reported Covid-19 has the clinical severity of a severe flu. More recent links to the CDC web site have reported the clinical severity of Covid-19 to be lower than the flu with a 99.98% survival rate.

Six hundred doctors, including Victorian hospital specialists wrote to Dan Andrews to report that Covid-19 is not as contagious as initially thought, and lock downs are not needed [1]

Doctors testifying to the International Tribunal of Natural Justice (ITNJ) report that a group of people, including Dr Anthony Fauci and Ralph Baric, patented the Corona Virus in 2003, as well as “the means in which you can detect the Corona virus”. These provide “economic incentives” for profit. [2] Bill Gates also owns a patent to a covid vaccine [3] and ID2020, a microchip patented in 2018 [4] designed to track vaccine status.

Academic and vaccine expert Dr James Lyons-Weiler claims the 2003 SARS vaccine trials were ceased as trial animals died over a 12-month period of “**Enhanced Priming**” caused by the SARS Vaccine. Dr Lyons-Weiler claims he has written to a number of covid vaccine manufacturers pointing out that the proteins scientifically shown to cause death via “**Antibody Dependant Enhancement**”(ADE) are in their vaccines. *Enhanced Priming is where the vaccine antibodies blocks ones natural ability to fight off mutations of the virus. He also states that the Moderna SARS-CoV-2 Vaccine has a 21% severe side effect rate. It is most concerning that animal trials, and phase 1 + 2 safety trials have been omitted for this SARS-CoV-2 (Covid-19) Vaccine.* [5]

Over 600,000 people have signed a White house petition (10th April 2020) asking for an investigation into Bill Gates for: “**Medical Malpractice & Crimes Against Humanity**”
 “Bill Gates, who has publicly stated his interest in “**reducing population growth**” by 10-15%, by means of **vaccination**. Gates, UNICEF 7 WHO have already been credibly accused of intentionally **sterilizing Kenyan children through the use of a hidden HCG antigen in the Tetanus vaccines**” (as per White House web site statement)

World Health Organization staff have come forward via the “**Corona Investigative Committee**” (6) exposing excessive influence of Bill Gates at the WHO and in Switzerland. Including his offices having full exemption from criminal investigations since 2009, local police are blocked from searching the Gates Foundation offices. There is evidence the PCR test produced numerous false positives findings during 2020 which is now being addressed [7]

President Trump announced an investigation into \$3.7 Million sent by Dr Anthony Fauci to a lab in Wuhan in 2015 for experimental “Gain of Function” Corona virus research. This corona virus research had been banned in the US the previous year, as the research was considered overly dangerous.

International vaccine expert Dr Geert Vanden Bossche states mass COVID vaccination is the “wrong weapon” for this virus. He says a virus takes only 10 hours to mutate, and mass vaccination at this time can create a stronger virus to the point of mass vaccine failure/resistance [8] Vaccinated people subject to Antibody Dependant Enhancement may find they are not able to use their natural immune system to fight off mutations of the virus. [5]

Congress, 1986, passed a law making it illegal to sue a vaccine company for a faulty or dangerous vaccine. A Vaccine Court was set up and over \$4.4 Billion was paid out in vaccine injury damages. A US court found vaccines are “inherently unsafe.” [9] Could lack of liability leave vaccines less safe than prior to the 1986 laws being passed?

A Melbourne solicitor claims independent lab testing on a flu vaccine vial - Sydney 2015 - found Mercury, a known neurotoxin that causes permanent brain damage. (* access via Peter Little at “ChaseTruth.club”) Robert F Kennedy Jr stated in 2020 that a Murdoch owned company does all Australian vaccine testing. [9] This means, a family with a known vested interest in vaccination company profits, is doing the safety testing on vaccines.

You and your wider organization are asked to enact practices that are in the highest good of humanity

Australian Covid Nurse Immunization e-Training 2021 states “There have been reported cases of vial contamination and then transmission of infectious disease with MDVs [multidose vials] including....: Human Immunodeficiency Virus (HIV). Dr Mikovits says viruses can get into vaccines via a contaminated animal organ, as vaccine viruses are cultured on the organs of animals such as monkeys, dogs and guinea pigs during manufacturing [10]. The Queensland University Covid Vaccination trial was ceased apparently after all recipients became HIV (false) positive.

Testimony to the ITNJ by Dr Judy Mikovits [10] is that her federally funded research found vaccines are contaminated with viruses and ingredients that can cause cancer and other severe life-threatening health issues. Her home was raided by a police SWAT team in 2011. She was put in jail, and told she could only be released if she withdrew her research. She refused, and claims the published paper was withdrawn without her consent. Her then manager, Dr Anthony Fauci, was key instigator of her incarceration.

A Western Australian Flu Vaccine in pregnancy trial used a non-placebo solution with adjuvants that stimulate the immune system as the “placebo”. Robert F Kennedy Jr says this non-scientific practice is common in the vaccine industry and the Flu Vaccine has the highest vaccine damages pay outs. [9]

St Anthony’s nursing home Auburn NY vaccinated 193 patients, within 2 weeks 24 died and 137 became Covid positive, (after which they were all added to the covid positive cases). This appears to indicate it is a live-vaccine. To prevent further deaths of Australians from live-vaccines nurses treating immunosuppressed people are directed to tell patients they are not to have a live-vaccines, and the nurse must document this in their notes. They are told to keep away from anyone given a live-vaccine. [11] **Self-isolation after administration of a live vaccine is advised.**

Ex- Pfizer head of research Dr Mike Yeadon and Dr Wolfgang Wodarg claims that Covid Vaccine causes female sterilization (loss of fertility).* Prof Sir John Bell said in an interview of his Oxford vaccine (AstraZeneca) “These vaccines are unlikely to completely sterilize a population” (* links)

CRIMES AGAINST HUMANITY TRIALS have commenced [12], with over 1,000 scientists – including Australian’s - sending submissions to the **International Criminal Court** over irregularities in Covid vaccine research, safety, and efficacy. There have also been submissions to the courts regarding the breach of law, human rights and the unlawfulness of lock downs, including from Australia.

Ex-CIA agents say media, including the ABC and BBC are heavily controlled by big business. *Robert F Kennedy Jr states \$600,000,000 annually is spent white washing media of negative information about the pharmaceutical industry.*

You have a legal obligation to inform your staff and clients of their lawful human right as a sovereign being to decline mandatory medication as per the Nuremburg Code of conduct which you are obliged to adhere to.
